Squirrels Heath Junior School

Admissions Policy

Havering Council (the Local Authority) is the admission authority for all community and voluntary controlled schools in the London Borough of Havering.

This means that the Council sets the admission criteria and makes the decisions as to which pupils are admitted to these schools. The determined admission arrangements for community and voluntary controlled infant, junior, primary and secondary schools in the borough can be viewed on the [havering website](#).

Squirrels Heath Junior School is a three form entry Junior School. The standard admission number is 90. The majority of children transfer from our feeder Infant school with whom we share the same site.

If you require any further information please contact Pupil Services at the Town Hall Romford.
